We have a lot in common with Walt. We are constantly asking ourselves, "How can we do this better?" and "How can we make this task easier to accomplish, or faster, or how can we make it more efficient for our contractor Partners?" This is what drives us at Wolff.

Our inspiration comes from the company's founder, Hans Wolff. He first started the company in 1954 and worked primarily as the head mechanic, striving to keep WOLFF a family owned business. When the first self-propelled stripping machine, the Wolff Turbo, was patented and registered in 1972, WOLFF had 16 employees. Twenty years later, the company moved to a larger factory in Vaihingen near Stuttgart, which included modern CNC equipment manufacturing the tools and machines that were in high demand around the world. In 2002, Uzin Utz AG acquired the growing company and welcomed WOLFF to their family of brands and in 2015, the company moved to an even larger factory in Ilsfeld, Germany.

WOLFF currently operates in more than 30 countries, and continues to grow every year. We produce our products with passion, skill, dedication and with an insatiable "curiosity that keeps leading us down new paths."

Thanks Walt and thanks Hans. We invite you to also join us on the path.

WOLFF. We Give You The Edge.

Matthias Liebert
President
Uzin Utz North America, Inc.

"WE KEEP MOVING FORWARD, OPENING NEW DOORS, AND DOING NEW THINGS, BECAUSE WE'RE CURIOUS AND CURIOSITY KEEPS LEADING US DOWN NEW PATHS." - Walt Disney
FLOOR REMOVAL
#39086

HEAVY DUTY FLOOR STRIPPER FOR REMOVAL OF MOST TYPES OF BONDED FLOORING

- 5,000 strokes/minute heavy duty impact & propulsion system provides fast & effective flooring removal
- 3 weight positions for adjusting aggressiveness
- Smooth, hand operated feather clutch provides ease of operation
- Adjustable tilting handle
- Detachable weights and handle for easy transportation
- Multiple blade widths & styles for all types of flooring removal
- Fully self-propelled

TECHNICAL SPECIFICATIONS:
115V, 60Hz, 3 HP motor, soft start switch, working width 6”-14”, 5,000 strokes/min, total weight of machine 350 lbs, stripping capacity approx. 645-1075 square feet/hour

INCLUDES:
1 blade 14” x 1 mm, 1 blade 14” x 1.5 mm, 1 U-shape blade with top cutting edge, 1 U-shape blade with bottom cutting edge, tool kit, hearing protection, safety gloves, blade cover, lifting straps, extension cord, extra weight (66 lbs)

Watch the Turbo II in action
Replacement blades for Turbo II & Extro-Stripper

- 14" x 2-3/8" x 1 mm, 10 pcs. #13978
- 14" x 2-3/8" x 1.5 mm, 10 pcs. #13979
- 14" x 3" x 1.5 mm, 1 pc. (VCT) #73928
- 14" x 5" x 1.5 mm, 1 pc. #13982
- 8" x 2-3/8" x 1.5 mm, 10 pcs. #13980
- 6" x 2-3/8" x 1.5 mm, 10 pcs. #13981

Special 14” U-shape blade for Turbo II & Extro-Stripper

For simultaneous stripping & cutting of floor covering.
- Top cutting edge (for hard substrates like concrete) #13983
- Bottom cutting edge (for soft substrates, like plywood) #38933

Inclination adapter for Turbo II & Extro-Stripper

- Changes the blade angle
- More aggressive

Inclination adapter #15525

Heavy duty blade for hardwood flooring | for Turbo II & Extro-Stripper

- For Turbo II (blade only) #39362
- For old style Turbo (kit complete) #15532

Additional weight, 66 lbs

For Turbo II Stripper #38535

Transport Dolly

For Turbo II Stripper and Extro Stripper #62227

NOTE: Transport dolly protects your machine by keeping the striking mechanism elevated and away from the ground during transportation

Hardwood Stripper Set

Turbo II deflector kit for stripping hardwood floors. Keeps debris from wheels. #63754

Includes:
- Deflector, underrun protection, special blade (heavy duty), hardwood deflector blade holder.

Accessories:
- Hardwood deflector #63752
- Hardwood deflector blade holder #63752
- Underrun protection #53415
- Standard blade holder #73389
- Special blade (heavy duty) #39362
DURO STRIPPER

#85642

FLOOR STRIPPER DESIGNED FOR USE ON SMALL TO MEDIUM-SIZED AREAS

- Wheel assembly for easier operation & transport
- Can also be operated as a hand tool by removing handle
- Special bearings reduce vibrations

JUNIOR STRIPPER
#50080

HAND-HELD STRIPPER IDEAL FOR REMOVING SMALL AREAS

- Great for hard to reach areas like under radiators
- Perfect for areas along walls or in closets
- Perfect for stairs

TECHNICAL SPECIFICATIONS:
115V, 60Hz, 1.75 HP motor, working width 5-8”, total weight 7 lbs

INCLUDES:
1 blade 5”, tool kit, safety gloves, hearing protection, carrying case, blade cover

ACCESSORIES:
- Replacement blades 5”, 10 pcs. #13998
- Replacement blades 8”, 10 pcs. #14000

1.75 HP motor
Lightweight hand held unit
Great for stairs, along walls or in closets
SUBFLOOR PREP
MAMBO EVO GRINDING MACHINE

#68952

ALL PURPOSE MACHINE FOR GRINDING, MILLING AND SANDING

- Multi-purpose – use for sanding, polishing, cleaning, grinding, scarifying and milling
- Variable speed control – from 150 to 450 rpm
- Variable handle height positions – adjusts to different users, can be folded for easy transport
- Vacuum port – easily adapts to most dust containment systems
- High torque – effective, fast work with high abrasion capability
- Heavy duty metal construction – tough and durable
- Additional weight (39 lbs) – increased abrasion capability
- Uses Ninja disc and segments, or any Wolff 15” or 16” grinding or milling disc

TECHNICAL SPECIFICATIONS:
115V, 60Hz, 2.68 HP, soft start switch, 150-450 RPM, total weight of machine 154 lbs (machine: approx. 115 lbs, additional removable weight: 39 lbs), max. working width 15-16”

INCLUDES:
Inner safety ring, additional weight, extension cord, hearing protection

OPTIONAL ACCESSORIES:
Cleaning tank #39709
Cable clamping kit #38935

Drive plate sold separately. See following page for order information.

Variable speed control
Angle adjustable handle
Height adjustable wheels
Additional weight for aggressive cutting action

Watch the Mambo in action
NEO 230 GRINDING MACHINE

VERSATILE, POWERFUL GRINDING MACHINE FOR SMALL TO MID-SIZE JOBS

- Versatile – ideal for small to mid-size areas, edges and difficult to reach locations
- 3 position adjustable grinding head – left, front and right
- Vacuum port – easily adapts to dust containment systems
- Floating dust skirt – maintains maximum dust containment
- Variable handle height positions – adjusts to different operators, can be folded for transport
- 9” (230 mm) working width – great for tight and hard to reach areas
- Uses Ninja diamond grinding segments – delivers powerful, aggressive results

TECHNICAL SPECIFICATIONS:
115V, 60Hz, 2.75 HP, 1500 rpm, working width 9”, total weight of machine 100 lbs

INCLUDES:
Drive plate, hearing protection

Segments sold separately (see page 19)
SAMBA GRINDING MACHINE

#63047

POWERFUL MACHINE FOR GRINDING SUBSTRATES OR LEVELING COMPOUNDS

TECHNICAL SPECIFICATIONS:
115V, 60Hz, 2.25 HP motor, 160 RPM, 97 lbs, working width 15-16"

INCLUDES:
Extension cord
Note: Drive Plate not included

OPTIONAL ACCESSORIES:
Handle Mounted Vacuum #15734
Hose Kit #14038
Shroud #14039
Shroud/Hose Kit #67763

OPTIONAL ACCESSORIES CONTINUED:
Samba/Dust Shroud/Hose Kit #86033
Vacuum Bags (5) #37299

Drive plate with sponge padding for Mambo and Samba
For abrasive paper, HM grinding discs and abrasive screen.
Diameter 15" drive plate complete #84750 Diameter 16" drive plate complete #73555
Sponge padding:
Diameter 15" replacement pad #13500 Diameter 16" replacement pad #13328

Drive plate with felt for Mambo and Samba
Diameter 15"
Drive Plate Complete #84748 Replacement Felt Pad #13526

Heavy duty motor
Multiple position adjustable handle
Safety cage operating handle

Watch the Samba in action

Optional Handle Mounted Vacuum

SUBFLOOR PREP
HEPA VAC 2

#81706

HIGH-PERFORMANCE VACUUM WITH LONGOPAC® CONTAINED DUST SYSTEM

- HEPA H14 filter - OSHA compliant
- Reverse pulse filter cleaning - OSHA compliant
- Main filter captures larger dust particles
- Longopac® contained dust collection system
- Raises & lowers for easy transport
- Filter efficiency indicator light
- Zip tie storage
- Locking castors

TECHNICAL SPECIFICATIONS:

2 - 1.54 hp motors, 115 volts, water lift pressure 88.6” of water, air movement 206 cfm*, noise level 76 dB(A), filter surface 32.2 sq ft, vacuum inlet 2”, dimensions 22”D x 20.9”W x 51.2”H

INCLUDES:

Floor brush, floor wand, antistatic hose with rubber cuffs, corner tool

*When using non-Wolff machines with the HEPA Vac 2, please refer to that manufacturer’s CFM requirements before use.

HEPA H14 filter - meets OSHA 29 CFR 1926.1153b,(c)(1) (Table 1, xiii, indoor use)

Reverse pulse filter cleaning - OSHA compliant

Main filter captures larger dust particles

Longopac® contained dust collection system

Raises & lowers for easy transport

Wolff Pre-Separator sold separately
HEPA VAC 1

#81153

HIGH-PERFORMANCE INDUSTRIAL VACUUM FOR CONCRETE DUST REMOVAL

- HEPA H14 filter - OSHA compliant
- Reverse pulse filter cleaning - OSHA compliant
- Main filter captures larger dust particles
- Dust collection bucket
- Locking castors
- Filter efficiency indicator light

TECHNICAL SPECIFICATIONS:
1.54 hp motor, 115 volts, water lift pressure 88.6” of water, air movement 103 cfm*, noise level 72 dB(A), filter surface area 7 sq ft, bucket capacity 3.96 gal, vacuum inlet 2”, dimensions 19” D x 15” W x 32.3H”

INCLUDES:
Floor brush, floor wand, antistatic hose with rubber cuffs

*When using non-Wolff machines with the HEPA Vac 1, please refer to that manufacturer’s CFM requirements before use.
EFFICIENT PRE-SEPARATOR FILTERS LARGE AMOUNTS OF COURSE DIRT AND FINE DUST BEFORE VACUUM UNIT.

- Helps maintain consistent vacuum suction power
- Keeps vacuum and filter protected
- 99% particle separation efficiency
- Easy disposal using standard bags
- Static conductive hose and cyclone

TECHNICAL SPECIFICATIONS:
22 lbs., 19.685" x 41.732", hose length 4.92', capacity 13.21 gal

INCLUDES:
5" x 1.5" hose with cuffs

Prevents filters from getting clogged

Helps maintain consistent vacuum performance

Dust is collected in a plastic bag for easy disposal
NINJA GRINDING DISC

NINJA PLATE WITH UNIVERSAL CLUTCH (NO SEGMENTS) #73767
INNOVATIVE, EFFECTIVE, EASY TO USE

- Extremely effective grinding disc for monodisc grinding machines
- High quality, long-lasting cutting segments
- Unique WOLFF design
- Easy to change cutting segments due to the innovative slide-lock system
- Diamond cutting segments for different removal requirements

*See next page for ordering information

Extremely effective grinding disc
Easy to change cutting segments due to the innovative slide-lock system
Long tool life of cutting segments
PCD Split Segment
For removing thin coatings #68389

PCD Scraper Segment
For removing adhesives & thin-set mortars #68388

BT K20 Segment
For light grinding and profiling on hard concrete #68390

Milling module with rotating discs

For preparing substrates of any kind.

Accessories:
- Single milling module #34285
- Gliding disc #34286
- Wheel set per module, 12 pcs. #34288

Modular milling disc w/carbide bits

For removing thick layers of adhesive with fiber, felt or foam residues.

Accessories:
- Milling module with carbide bits #13550
- Carbide bit (1 pc.) #13566

HM grinding disc

To remove adhesives and compounds.

HM grinding disc, 7”, grit 16 #15934
HM grinding disc, 7”, grit 24 #15935
FLOOR INSTALLATION
MASTER GROOVER

THE POWERFUL FLOOR JOINT GROOVER WITH CARBIDE GROOVING DISC

- Automatic depth control for grooving of joints on uneven substrates
- Adjustable lateral guiding wheel for installing raised rubber floors
- Improved chip & residue pan reduces dust emission
- Hand guard improves operator safety
- Simple grooving depth adjustment up to 3/16”
- Automatic depth control disc eliminates damage to floor
- Electronic soft start switch

TECHNICAL SPECIFICATIONS:
115V, 60Hz, 2 HP motor, 6,000-10,000 RPM, soft start switch, blade diameter 5”

INCLUDES:
Semicircular HM grooving disc 1/8” (12 tooth) (#21208), tool kit, dust bag, protective goggles, hearing protection, carrying case

5” Elliptic grooving disc, 5/32” (3.8 mm) #13459
5” Combi grooving disc, 3/16” (5 mm) #13461
5” Elliptic diamond grooving disc, 5/32” (3.8 mm) #13460
5” Semicircular HM grooving disc, 1/8” (3.3 mm) #21208

THE WOLFF AUTOMATIC WELDING MACHINE

- Digital thermometer for precise temperature selection
- Can be used for all resilient floor coverings
- Variable pressure control for improved welding results
- 4 individual welding nozzles for exact hot air distribution
- Minimal movable parts for rugged, precise operation
- Automatic wall shut off/lifting device diverts heat and prevents damage to floor
- Special nozzle avoids thermal shock & burns

TECHNICAL SPECIFICATIONS:
115V, 3100 W, temperature range 68-1100°F, speed 5.5’-19’/min, weight 31 lbs

INCLUDES:
Brass cleaning brush, carrying case

OPTIONAL ACCESSORIES:
Half round attachment used for welding half round welding rod #15063

See Weldmaster in action
LEISTER TRIAC MASTER WELDING KIT
#78866

ADVANCED SET FOR PUR HEAT WELDING APPLICATIONS

TECHNICAL SPECIFICATIONS:
115V, 1600W heating element, temperature 68-1200°F

INCLUDES:
- Single nozzle 5 mm, quick welding nozzle 4 mm, hand groover, Mozart knife, PUR welding nozzle, cleaning brush, carrying case

Leister Triac ST Gun Only #79710

LEISTER TRIAC WELDING KIT
#70287

PERFECT SET FOR MOST HEAT WELDING APPLICATIONS

TECHNICAL SPECIFICATIONS:
115V, 1600W heating element, temperature 68-1200°F

INCLUDES:
- Single nozzle 5 mm, quick welding nozzle 4 mm, hand groover, diamond grindstone, quarter moon knife, weld seam slide, 15 mm welding rod roller, cleaning brush, carrying case

Leister Triac ST Gun Only #79710
GREENCUT EDGE TRIMMER

#63998

SELVAGE EDGE TRIMMER

- For trimming factory edges
- For cutting strips and seams
- Includes 2 guides for needle punch and resilient floor coverings
- All-metal construction
- Suitable for left and right hand operation

INCLUDES:
2 mm guide, 4 mm guide, 3 strip guides (5 mm, 10 mm, 15 mm), spacer plate, 10 straight blades, 10 hooked blades

ACCESSORIES:
Straight blades (100 pcs.) #13419
Hooked blades (100 pcs.) #13421
Super hook (100 pcs.) #13422

See Greencut in action
**LINOCUT SEAM CUTTER**

#40262

**CREASES PERFECT SEAMS FOR ALL RESILIENT FLOOR COVERINGS.**

- Patented technology
- Innovative design
- Cuts straight without a straight edge
- Simple & ergonomic
- Cuts from wall to wall
- Two blades cut in both directions
- Cuts the top edge and uses the bottom edge as a guide
- For use on material placed into wet adhesive
- Seam depth can be adjusted

PRO CIRCLE CUTTER

#68938

FOR PRECISE CUTTING & SCRIBING OF CIRCLES AND CIRCLE SEGMENTS WITH A DIAMETER OF UP TO 8-1/2' - WITH EXTENSIONS OVER 92'.

- Precise, reproducible circles
- Attaches with suction cups
- Quick setting of radius
- Scribing, cutting or milling
- Knurled screw for exact depth adjustment of blade

INCLUDES
Plexiglass disc w/adhesive strips, extension rails up to 4' radius, pencil, replacement blades, carrying case

RAILCUT SEAM CUTTER

#69864

FOR CUTTING PERFECTLY STRAIGHT SEAMS WITH ALL TYPES OF RESILIENT FLOORCOVERINGS AND CARPET

- Creates perfect seams on carpet, resilient, rubber, and vinyl floor coverings
- Height-adjustable blade 0.6” (0-15mm)
- Practical, comfortable, ergonomic shape
- 4.6’ (1.40 m) anti-slip rail
- Railcut can be lengthened with additional extension rails
- Suitable for right and left handed users

**INCLUDES**

- 10 straight blades

**OPTIONAL ACCESSORIES:**

- Extension rail (1.40 m) #69877
- Straight blades (100 pcs.) #13419

Perfect for seam cutting

Height-adjustable blade

Practical and ergonomic

### Hand Groover with guiding pin

Adjustable groove depth.  
**Accessories:**  
Replacement blades, 10 pcs.

### Rolling Groover

Two small wheels to guide along the seam. Adjustable groove depth, 4-sided blade.  
**Accessories:**  
Replacement blade

### Duo Pressure Roller

Specialty tool for applying pressure to floorcoverings

### Combi scriber

For scribing and cutting resilient flooring. Can be used as scriber and counter scriber.  
**Includes:**  
Combi scriber, 2 scriber needles for linoleum and 2 pointed blades for PVC and rubber (in the handle)  
**Accessories:**  
Scriber needles, 20 pcs.  
Pointed blades, 5 pcs.

### Seam trimmer

For trimming welded seams at inside and outside corners.  
**Includes:**  
Seam trimmer without blade  
**Accessories:**  
Round blade, 6 mm  
Round blade, 12 mm  
Pointed Blade  
Flat blade
Groover for rubber floors

Welding rod roller

To press the weld rod into the joint.

Welding rod roller, 1” (25 mm) #15610
Welding rod roller, 9/16” (15 mm) #15611

Push-off knife

For removal of weld seams at skirting boards. With lateral distance guide. #14538

Accessories:
Replacement blade #14539

Mozart push-off knife

The universal solution for trimming welding rod in a clean and fast manner. Integrated weld seam slide for pre-cutting, replaceable blades, replaceable spacer forks for adjusting cutting heights to eliminate scratched or damaged surfaces, internal cutting edge reduces injuries, ergonomic handle.

Includes:
Push-off knife with blade and 0.50 mm spacer fork

Accessories:
Replacement blades, 5 pcs. #49876
Spacer fork, 0.50 mm #50772
Spacer fork, 0.70 mm #51270
Replacement screw set #59856
Weld seam slide
Fits flat and angled Quarter moon knives. See Item #13451 and #13452  

Quarter moon knife / Flat
For trimming welding rod.  

Quarter moon knife / Angled
For trimming welding rod.  

Quarter moon knife / Bent
For trimming welding rod.  

Blade Cover
Helps keep your knife sharp.  

Diamond grindstone
To sharpen all knives and blades. Collapsible, grinding surface 1” x 4”. Double sided, one side medium grit and the other fine grit.
Carpet clamp
Perfect for removing glue-down carpeting and other bonded flooring materials. Made of durable high-quality aluminium in an ergonomic design to protect hands and fingers. Tested to a pulling force of 440 pound force. #16867

Hammer bar
Zinc plated, with felt backing.
Hammer bar, 17” #15832
Hammer bar, 22” #13840

Cork rubbing board
For rubbing down and installing floor coverings into adhesives. Heavy duty construction. #60505

Seam scriber
For scribing vinyl, PVC or other hard flooring. Adjustable scriber needle. #13355
Accessories:
Scriber needles, 20 pcs. #13356

Magic Wand wall scriber
For scribing & transferring the wall line onto the flooring. Distance from wall can be set from 3/4” to 14”. #16145
Accessories:
Scriber needles, 20 pcs. #13834

Rubbing hammer
For rubbing down floorcovering seams into adhesives. Forged with wooden handle. #13619
Design Collection tools

Complete tool set for creating & installing design floors. #55035

Includes:
Linocut seam cutter, FasTrimmer for chamfering the floor backing, pressure roller Duo, mitre-box scissors, carrying case

Mitre-box scissors

Double action, with guide. For creating & laying design floors. #15648

Accessories:
Replacement blade #15649
Replacement pad #15650

Wall base board scissors

With guide. #15651

Accessories:
Mitre-box guide #33196
Replacement blade #17471
Replacement pad #60736

Wall base scriber

For wallboards, pencil included. #15555

Stair scriber

For scribing stair flooring. #15620

Accessories:
Scriber needles, 20 pcs. #13356

Stair bevel

To easily determine lengths and angles of stairs. #15563
### FasTrimmer - Top Bevel Cutter

**Creates a top beveled edge of 25° on vinyl, PVC and design floor coverings after they have been cut. Comes with a guide for cutting the material off of the floor or directly in the adhesive bed.**

**Includes:**
- FasTrimmer TBC
- Quick guide
- Carrying bag
- 6 spare blades

**Accessories:**
- Guide for beveling floor backing and repairing factory edges
- Replacement blades, 10 pcs.

---

### FasTrimmer - Back Bevel Cutter

**Creates a back beveled edge of 25° on vinyl, PVC and design floor coverings after they have been cut and also repairs damage to the factory edge.**

**Includes:**
- FasTrimmer BBC
- Quick guide
- Carrying bag
- 6 spare blades

**Accessories:**
- Replacement blades, 10 pcs.

---

### Circle cutter

For patch repairing carpet. Adjustable from 1-1/2" to 8" diameter.

**Includes:**
- Circle cutter
- 3 blades

**Accessories:**
- Replacement blades, 6 pcs.
Head seam straight edge
31” x 3” (800 x 75 mm) #15561

Door straight edge, bowed
Hardened & polished. Adjustable from 24” to 51”. Steel sheet 0.7 mm thick. #60643

Wall base board template
1” (25 mm) radius #13944
2” (50 mm) radius #13945

Flexible steel straight edge
Premium quality stainless steel. Bowed, with retaining clip. Maximum deviation from straightness: 5/64” (2 mm) in 10’.
Size: 6.8’ (82”) x 3” #48421
Size: 13.4’ (161”) x 3” #48422
Size: 16.6’ (200”) x 3” #48423

Flexible steel straight edge with T stop
Premium quality stainless steel. Bowed, with T stop and retaining clip. Maximum deviation from straightness: 5/64” (2 mm) in 10’.
Size: 6.8’ (82”) x 3” #48425
Size: 13.4’ (161”) x 3” #48426
Size: 16.6’ (200”) x 3” #48428

Flexible steel straight edge, anti-slip
Premium quality stainless steel. Rubberized, anti-slip backing. Will not scratch floor. Maximum deviation from straightness: 5/64” (2 mm) in 10’.
Size: 6.75’ (81”) x 3” #13872
Size: 13.25’ (159”) x 3” #13873
TOOLS & ACCESSORIES
**Thermohygrometer LVT-15 IR**

The LVT-15 IR combines thermohygrometer, laser pyrometer, and dew point alarm in a single instrument. Three operational modes and various measuring functions, all of them selectable via a thumbwheel in a one-hand operation make the LVT-15 IR a pocket-sized measuring station.

- Measurement of air temperature and relative humidity
- Measure surface temperature in IR mode
- Calculate dew point
- Visual and acoustic alert when temperature deviations occur
- Quick determination of weak spots

Includes:
- Batteries, case, operating instructions

In normal use, a meter will frequently be exposed to dirt and dust, which may affect results and reduce sensor service life. All LVT-15 meters are equipped with a metal grid filter to alleviate these issues.

---

**Material moisture meter V1-D4 Basic**

The V1-D4 Basic is a professional hand-held meter used to measure the exact moisture content of concrete and other materials.

- Measures moisture in concrete and other materials
- Autocalibrating
- Easy one-hand operation
- Numerous validated material curves with material numbers
- Function for real-time temperature compensation of measured material
- Measured value can be saved via hold function

#83113

---

**Moisture Meter GM-200**

The GM-200 is a professional hand-held instrument providing a quick and non-destructive determination of moisture content in near-surface areas up to 1-1/2”.

- For measuring moisture in concrete, gypsum & cement
- For measuring moisture in wood
- Non-destructive moisture measurement
- Compact & ergonomic design with non-slip rubber grip
- Quick & convenient measurements due to adjustable display orientation
- Custom alarm limit, with acoustic signal

Includes:
- Batteries, case, operating instructions

#71054
Substrate test kit

Contains all the equipment necessary to test substrates and carry out moisture tests to prepare a CCM measurement.

- Thermohygrometer: Combines thermohygrometer, laser pyrometer, and dewpoint alarm device in a single instrument.
- Concrete moisture meter: Hand-held instrument for quick and non-destructive moisture content determination.
- Substrate hardness tester: Scratch tool, template and protective bag
- Measuring wedge: For measuring the deepest point between 2 support points of a straight edge. Can be read from the top.
- Accessories: Chisel w/hand protector, folding rule, hammer, pencil and wire brush.

Includes:

Wooden case, thermohygrometer W-TH, concrete moisture meter W-ES, concrete and leveling compound tester, chisel with hand protector, hammer, pencil, wire brush

Measuring wedge

For measuring the deepest point between 2 support points of a straight edge. Measuring wedge can be read from the top.

Measuring wedge #13628

Substrate hardness tester

Used to assess the strength of the substrate. Parallel lines are scratched into the floor at an angle of 40-60°. The scratched grid and removed debris determine the results.

Includes:

Scratch tool, template, protective bag

Flat cage mixing paddle - KR type

Ideal mixing paddle for leveling compounds. Prevents formation of lumps. Also suitable for mixing very viscous sealers or adhesives where high shear forces are needed. Mixing action: parallel, cage diameters: 3-1/2" (90 mm), 4-3/4" (120 mm), shaft length: 23", shaft style: hex.

Flat cage mixing paddle, cage diameter 4-3/4" (120 mm), KR type #13606

Spike rollers

For aerating leveling compounds. Splash guard included. Working width: 30" (75 cm).

Spike length 7/16" (11 mm) #14270
Spike length 1-1/4" (31 mm) #13638
Nail shoes
For walking in wet leveling compound or other filled substrates or surfaces. #51549
Includes:
Nail shoes, set of replacement nails, 2 replacement straps

Smoothing trowel
11” x 5-1/4” (280 mm x 135 mm) #56203

Grinding stone
For grinding concrete and compounds.
Grinding stone #13493

HM grinding stone
For rough grinding or coarse dirt removal. Contains hard metal splinter for increased aggressiveness. Angled work surface for grinding along walls.
HM grinding stone, grit 24 #15718
HM grinding stone, grit 18 #15719
