WOLFF TOOLS has been manufacturing high-quality machines and tools for the flooring installation trades for over 60 years. Our core competence lies in what we call “Stripping Machines” that remove various floor coverings. What sets our machines apart in the industry is our in-house design, development, and manufacturing of each machine and tool for the flooring trade. We combine our German engineering with American expertise to bring the flooring installer the very best in tools that aid in floor installation and increase productivity on job sites.

Our first-class service begins with our local WOLFF Technical Managers and includes our regional service and spare parts centers to support the flooring installer well after the purchase.

WOLFF Tools is the global market leader in flooring installation and removal tools. Every member of the WOLFF team is proud of this!

**FLOOR REMOVAL**

**STRIPPING | SCRAPING**
**Replacement Blades for Turbo II & Extro-Stripper**
- 14" x 2-3/8" x 1 mm, 10 pcs. #13978
- 14" x 2-3/8" x 1.5 mm, 10 pcs. #13979
- 14" x 3" x 1.5 mm, 1 pc. (VCT) #13980
- 6" x 2-3/8" x 1.5 mm, 10 pcs. #13981

**Special 14" U-Shape Blade for Turbo II & Extro-Stripper**
- Top cutting edge (for hard substrates like concrete) #73928
- Bottom cutting edge (for soft substrates like plywood) #13983

**Inclination Adapter for Turbo II & Extro-Stripper**
- Changes the blade angle
- More aggressive

**Heavy Duty Blade for Hardwood Flooring | for Turbo II & Extro-Stripper**
- For Turbo II (blade only) #63751
- For old style Turbo (kit complete) #15532

**Additional Weight, 66 lbs**
- For Turbo II Stripper #62227

**Transport Dolly**
- For Turbo II Stripper and Extro Stripper #63754

**NOTE:** Transport dolly protects your machine by keeping the striking mechanism elevated and away from the ground during transportation.

**Hardwood Stripper Set**
- Turbo II deflector kit for stripping hardwood floors. Keeps debris from wheels.

**Includes:**
- Deflector, underrun protection, special blade (heavy duty), hardwood deflector blade holder.

**Accessories:**
- Hardwood deflector #62250
- Underrun protection #63755
- Standard blade holder #62251
- Special blade (heavy duty) #15532

---

**Turbo II**

Heavy duty floor stripper for removal of most types of bonded flooring

- 5,000 strokes/minute heavy duty impact & propulsion system provides fast & effective flooring removal
- 3 weight positions for adjusting aggressiveness
- Smooth, hand operated clutch provides ease of operation
- Adjustable tilting handle
- Detachable weights and handle for easy transportation
- Multiple blade widths & styles for all types of flooring removal
- Fully self-propelled

**Technical Specifications:**
- 115V, 60Hz, 3 HP motor, soft start switch, working width 6”-14”, 5,000 strokes/min, total weight of machine 350 lbs, stripping capacity approx. 645-1075 square feet/hour

**Includes:**
- 1 blade 14” x 1 mm, 1 blade 14” x 1.5 mm, 1 U-shape blade with top cutting edge, 1 U-shape blade with bottom cutting edge, tool kit, hearing protection, safety gloves, blade cover, lifting straps, extension cord, extra weight (66 lbs)

[Watch the Turbo II in action]
VARIO SILENT
Low-decibel floor stripping machine for use in occupied areas

- Silent motors makes it possible to use the machine even during normal working hours (hospitals, office buildings)
- Removes PVC, linoleum and rubber floor coverings
- Self-propelled with pull-back system
- Variable speed control between 8-52 feet/min

Technical Specifications:
115V, 60 Hz, 2.25 HP (impact & drive motor), soft start switch, max working width 10”, 3,000 rpm, 70 db rating, total weight 230 lbs, speed 8-52 feet/min, stripping capacity 323-646 sq feet/hour

Includes:
1 blade 10” x 2-3/8” x 0.7 mm, 1 blade 10” x 2-3/8” x 1 mm, 1 blade 10” x 2-3/8” x 1.5 mm, 1 U-shape blade with top cutting edge, tool kit, safety gloves, blade cover, extension cable

Replacement Blades for Vario Silent

10” x 2-3/8” x 0.7 mm, 10 pcs. #36765
10” x 2-3/8” x 1 mm, 10 pcs. #36766
10” x 2-3/8” x 1.5 mm, 10 pcs. #36767

Serrated Blades for Vario Silent

For removing flooring with felt or fleece backing. The serrated edges create a sawing action which helps with difficult to remove flooring.

10” x 2-3/8” x 1 mm, 1 pc. #42401

Special U-shape Blade, 10”, for Vario Silent

For simultaneous stripping and cutting of floorcovering, for carpet and sheet goods.

Top cutting edge, for hard substrates (like concrete) #38768
Bottom cutting edge, for soft substrates (like plywood) #38932

Razor Blades/Adaptor for Vario Silent and Duro

For removing adhesives and soft coatings.

Razor Blade Adaptor #15536
Standard Razor Blade 10 pcs. #73388
DURO
Floor stripper designed for use on small to medium-sized areas

- Wheel assembly for easier operation & transport
- Can also be operated as a hand tool by removing handle
- Special rubber bearings reduce vibrations

Technical Specifications:
- 115V, 60Hz, 2.75 HP motor, soft start switch, working width 8", 8,500 RPM, total weight 35 lbs, stripping capacity 320-540 sq feet/hour

Includes:
- 1 blade 8" x 0.7 mm, 1 blade 8" x 1 mm, tool kit, hearing protection, safety gloves, blade cover, carrying case, extension cord

Replacement Blades for Duro
- For sheet goods
  - 8" x 2-3/8" x 0.7 mm, 10 pcs. #13344
  - 8" x 2-3/8" x 1 mm, 10 pcs. #13345
- Special U-shape blade, 8"

Serrated Blades for Duro
- For removing flooring with felt or fleece backing. The serrated edges create a sawing action which helps with difficult to remove flooring.
  - 8" x 2-3/8" x 1 mm, 1 pc. #448402

Razor Blades/Adaptor for Vario Silent and Duro
- For removing adhesives and soft coatings.
  - Razor Blade Adaptor #15536
  - Standard Razor Blade 10 pcs. #73388

Accessories:
- Carrying case #13349
- Transport Wheel Assembly #16151

Watch the Duro in action
JUNIOR
Hand-held stripper ideal for removing small areas

Technical Specifications:
115V, 60Hz, 1.75 HP motor, working width 5-8”, total weight 7 lbs

Includes:
1 blade 5”, tool kit, safety gloves, hearing protection, carrying case, blade cover

Accessories:
Replacement blades 5”, 10 pcs. $13998
Replacement blades 8”, 10 pcs. $14000

• Ideal for small confined areas or under radiators
• Perfect for stairways, elevators, or landings
• Will remove carpeting, adhesives, and foam backing
MAMBO EVO
All purpose machine for grinding, milling and sanding

- Multi-purpose – use for sanding, polishing, cleaning, grinding, scarifying and milling
- Variable speed control – from 150 to 450 rpm
- Variable handle height positions – adjusts to different users, can be folded for easy transport
- Vacuum port – easily adapts to most dust containment systems
- High torque – effective, fast work with high abrasion capability
- Heavy duty metal construction – tough and durable
- Additional weight (40 lbs) – increased abrasion capability
- Uses Ninja disc and segments, or any WOLFF 15” or 16” grinding or milling disc

Technical Specifications:
- 115V, 60Hz, 2.68 HP, soft start switch, 150-450 RPM, total weight of machine 154 lbs (machine: approx. 115 lbs, additional removable weight: 40 lbs), max. working width 15-16”

Includes:
- Inner safety ring, additional weight, extension cord, hearing protection
- Drive plate sold separately

Optional Accessories:
- Cleaning tank
- Cable clamping kit
- Drive plate and segments sold separately (see pages 20-21)

Watch the Mambo Evo in action

NEO 230
Versatile, powerful grinding machine for small to mid-size jobs

- Versatile – ideal for small to mid-size areas, edges and difficult to reach areas
- 3 position adjustable grinding head – left, front and right
- Vacuum port – easily adapts to dust containment systems
- Floating dust skirt – maintains maximum dust containment
- Variable handle height positions – adjusts to different operators, can be folded for transport
- 9” (230 mm) working width – great for tight and hard to reach areas
- Uses Ninja diamond grinding segments – delivers powerful, aggressive results

Technical Specifications:
- 115V, 60Hz, 2.75 HP, 1500 rpm, working width 9”, total weight of machine 100 lbs

Includes:
- Drive plate, hearing protection, extension cord
- Segments sold separately (see page 21)

Watch the Neo 230 in action
SAMBA
Powerful machine for grinding substrates or leveling compounds

Technical Specifications:
- 115V, 60Hz, 2.25 HP motor, 160 RPM, 97 lbs, working width 15-16”

Includes:
- Extension cord
- Drive Plate not included

Optional Accessories:
- Handle Mounted Vacuum
- Hose Kit
- Dust Shroud
- Dust Shroud/Hose Kit
- Drive Plate Complete
- Drive Plate Replacement Pad

Drive Plate with Sponge Padding for Mambo and Samba
For abrasive paper, HM grinding discs and abrasive screen.
- Diameter 15” drive plate complete: #84470
- Diameter 16” drive plate complete: #75555
- Sponge padding:
  - Diameter 15” replacement pad: #15500
  - Diameter 16” replacement pad: #15528

Drive Plate with Felt for Mambo and Samba
- Diameter 15” Drive Plate Complete: #84478
- Replacement Felt Pad: #15526

Watch the Samba in action

HEPA VAC 2
High-performance vacuum with longopac® contained dust system

Technical Specifications:
- 2 x 1.54 HP motors, 115 volts, water lift pressure 86.6” of water, air movement 206 cfm*, noise level 76 dB(A), filter surface 32.2 sq ft, vacuum inlet 2”, dimensions 22” D x 20.9” W x 51.2” H

Includes:
- Floor brush, floor wand, antistatic hose with rubber cuffs, corner tool

*When using non-WOLFF Tools equipment with the HEPA Vac 2, please refer to that manufacturer’s CFM requirements before use.

Optional Accessories:
- HEPA H14 filter - OSHA compliant
- Reverse pulse filter cleaning - OSHA compliant
- Main filter captures larger dust particles
- Longopac® contained dust collection system
- Raises & lowers for easy transport
- Filter efficiency indicator light
- Zip tie storage
- Locking castors

HEPA H14 filter - meets OSHA 29 CFR 1926.1153b,(c)(1) (Table 1, xiii, indoor use)

Longopac® contained dust collection system

Raises & lowers for easy transport

PRE-SEPARATOR sold separately
HEPA VAC 1
High-performance industrial vacuum for concrete dust removal

- HEPA H14 filter - OSHA compliant
- Reverse pulse filter cleaning - OSHA compliant
- Main filter captures larger dust particles
- Dust collection bucket
- Locking castors
- Filter efficiency indicator light

Technical Specifications:
- 1.54 hp motor, 115 volts, water lift pressure 88.6” of water, air movement 103 cfm*, noise level 72 dB(A), filter surface area 7 sq ft, bucket capacity 3.96 gal, vacuum inlet 2”, dimensions 19” D x 15” W x 32.3” H

Includes:
- Floor brush, floor wand, antistatic hose with rubber cuffs

*When using non-WOLFF machines with the HEPA Vac 1, please refer to that manufacturer’s CFM requirements before use.

PRE-SEPARATOR
Efficient pre-separator filters large amounts of course fine dust before vacuum unit

- Prevents filters from getting clogged
- Helps maintain consistent vacuum performance
- Dust is collected in a plastic bag for easy disposal

Technical Specifications:
- 22 lbs., 19.685” x 41.732”, hose length 4.92’, capacity 13.21 gal

Includes:
- 5’ x 1.5” hose with cuffs

PRE-SEPARATOR sold separately
**NINJA GRINDING DISC**

Ninja plate with universal clutch (no segments) innovative, effective, easy to use

- Extremely effective grinding disc
- Easy to change cutting segments due to the innovative slide-lock system
- Long tool life of cutting segments

### NINJA GRINDING DISC

- Extremely effective grinding disc for monodisc grinding machines
- High quality, long-lasting cutting segments
- Unique WOLFF design
- Easy to change cutting segments due to the innovative slide-lock system
- Diamond cutting segments for different removal requirements

### ALL SEGMENTS SUITABLE FOR MONODISC GRINDING MACHINES UP TO 1500 RPM.

#### PCD Split Segment
For removing thin coatings

- PCD Split Segment
  - #73767

#### PCD Scraper Segment
For removing adhesives & thin-set mortars

- PCD Scraper Segment
  - #68388

#### BT K20 Segment
For light grinding and profiling on hard concrete

- BT K20 Segment
  - #68389

#### ES K20 Segment
For light grinding and profiling on soft concrete

- ES K20 Segment
  - #68390

#### PCD Scraper XT Segment
For removing thick adhesives, thin-sets, and epoxy coatings

- PCD Scraper XT Segment
  - #75365

### AGGREGATE CLASSIFICATION MAP

**Metal Bond Diamond Aggregate Classification Chart**

- VSF: Very Soft Fiber
- SF: Soft Fiber
- MF: Medium Fiber
- HF: Hard Fiber
- VHF: Very Hard Fiber

Milling Module with Rotating Discs

For preparing substrates of any kind.

Accessories:
- Single milling module
- Gliding disc
- Wheel set per module, 12 pcs.

Modular Milling Disc with Carbide Bits

For removing thick layers of adhesive with fiber, felt or foam residues.

Accessories:
- Milling module with carbide bits
- Carbide bit (1 pc.)

HM Grinding Disc

To remove adhesives and compounds.

HAND TOOLS
**MASTER GROOVER**

Powerful floor seam groover with carbide grooving disc

- Automatic depth control for grooving of seams on uneven substrates
- Adjustable lateral guiding wheel for installing raised rubber floors
- Improved chip & residue pan reduces dust emission
- Hand guard improves operator safety
- Simple grooving depth adjustment up to 3/16”
- Electronic soft start switch

**Includes:**
- Semicircular HM grooving disc 1/8” (12 tooth) (#21208), tool kit, dust bag, protective goggles, hearing protection, carrying case
- 5” Elliptic grooving disc, 5/32” (3.8 mm) #13459
- 5” Combi grooving disc, 3/16” (5 mm) #13461
- 5” Elliptic diamond grooving disc, 5/32” (3.8 mm) #13460
- 5” Semicircular HM grooving disc, 1/8” (3.3 mm) #21208

**Technical Specifications:**
- 115V, 60Hz, 2 HP motor, 6,000-10,000 RPM, soft start switch, blade diameter 5”

**WELDMASTER**

Automatic welding machine

- Digital thermometer for precise temperature selection
- Can be used for all resilient floor coverings
- Variable pressure control for improved welding results
- 4 individual welding nozzles for exact hot air distribution
- Minimal movable parts for rugged, precise operation
- Automatic wall shut/off-lifting device diverts heat and prevents damage to floor
- Special nozzle avoids thermal shock & burns

**Optional Accessories:**
- Half round attachment used for welding half round welding rod #15063

**Technical Specifications:**
- 115V, 3700 W, temperature range 68-1100°F, speed 5.5’-19’/min, weight 31 lbs

**Includes:**
- Brass cleaning brush, carrying case

**Watch the Master Groover in action**

**Watch the Weldmaster in action**
LEISTER TRIAC MASTER WELDING KIT

47286
LEISTER TRIAC MASTER WELDING KIT
Advanced set for PUR heat welding application

Technical Specifications
115V, 1600W heating element, temperature 68-1200°F

Includes
Single nozzle 5 mm, quick welding nozzle 4 mm, hand groover, mozart knife, PUR welding nozzle, cleaning brush, carrying case
Leister Triac ST Gun Only #79710

47228
LEISTER TRIAC WELDING KIT
Perfect set for most heat welding applications

Technical Specifications
115V, 1600W heating element, temperature 68-1200°F

Includes
Single nozzle 5 mm, quick welding nozzle 4 mm, hand groover, diamond grindstone, quarter moon knife, weld seam slide, 15 mm welding rod roller, cleaning brush, carrying case
Leister Triac ST Gun Only #79710

GREENCUT EDGE TRIMMER
Selvage Edge Trimmer

For cutting and edge trimming
Pre-cut blade
Includes 2 cutting guides

GREENCUT EDGE TRIMMER
Includes:
2 mm guide, 4 mm guide, 3 strip guides (5 mm, 10 mm, 15 mm), spacer plate, 10 straight blades, 10 hook blades

Accessories:
strip guides & spacer plates
Straight blades (100 pcs.) #13419
Hook Blades (100 pcs.) #13421
Super Hook Blades (100 pcs.) #13422
**LINOCUT SEAM CUTTER**

Creates perfect seams for all resilient floor coverings.

- Cuts straight without a straight edge
- Simple & ergonomic
- Two blades cut in both directions
- Cuts the top edge and uses the bottom edge as a guide
- For use on material placed into wet adhesive
- Seam depth can be adjusted

**Includes:**
- Standard metal sheet guide (2 mm), needle punch carpet guide (4 mm), 10 spare blades (2 already mounted)

**Accessories:**
- Replacement blades, 10 pcs. #13449

**Additional installation guides:**
- Edge cutting guide
  - 3 edge width settings from 1/2" - 2-3/8" (1.5 to 6 cm)
  - Suitable for all versions of the Linocut #13449

See Linocut in action

**PRO CIRCLE CUTTER**

Precise cutting & scribing of circles and circle segments

- Precise, reproducible circles
- Attaches with suction cups
- Quick setting of radius
- Scribing, cutting or milling
- Adjustable cutting depth

**Includes:**
- Plexiglass disc w/adhesive strips, extension rails up to 4' radius, pencil, replacement blades, carrying case

**Optional Accessories:**
- Replacement blades, 10 pcs. #80578
- Extension rails, up to 16' radius #15629
- Adapter for corner and wall radius (creates circle segments centered on a wall corner or a point along a wall) #15631
- Grooving attachment for circle cutter #15628
- Replacement blades (for grooving attachment #15628) #13427

See Pro Circle Cutter in action
RAILCUT SEAM CUTTER
Cut perfectly straight seams with all types of resilient floorcoverings and carpet

- Perfect for seam cutting
- Height-adjustable blade
- Ergonomically designed
- Great for cutting rubber flooring

Includes:
- 10 straight blades

Optional Accessories:
- Extension rail (1.40 m) #69877
- Straight blades (100 pcs.) #13419

STRIP CUTTERS
Create border and design feature strips

- Cutting strips for skirting
- Cutting strips for stairs & risers
- Trimming factory edges

Includes:
- Replacement blades #13353
- Rear blade #13347

Optional Accessories:
- Conversion kit (for hook blades) #13354
- Hook blades, 100 pcs. #13421

See Railcut in action

Replacement blades #13353
Rear blade #13347
Conversion kit (for hook blades) #13354

For strips 0 - 3" (without rear blade) #13350
For strips 1 - 8" #13351
For strips 2-1/2 - 12" #13352
**WOLFF KNIFE**

Precision machined knife with blade mount that eliminates wear and tear.

**#48221**

**Includes:**

Knife with magnet for efficient blade change and case with belt clip.

**Blades that can be used:**

- Straight Blades (100 pcs.)
- Hook Blades (100 pcs.)
- Super Hook Blades (100 pcs.)
- Straight, titanium coated (100 pcs.)
- Hook, titanium coated (100 pcs.)
- Super Hook, titanium coated (100 pcs.)

---

**FLOOR INSTALLATION**

**HAND TOOLS**

**ERGO CUTTER**

Ideal tool for precutting strips to prepare for stripping. The 59.5” metal handle allows you to work while standing.

- Perfect for seam cutting
- Height-adjustable blade
- Practical and ergonomic

**Includes:**

- Blade Cover

**Accessories**

- Hook Blades (100 pcs.)
- Super Hook Blades (100 pcs.)

**Linoleum Edge Cutter**

For pre-cutting the factory edge in order to remove stress along seams and/or removing transportation damage.

**Includes:**

- Linoleum edge cutter, 2 blades

**Accessories:**

- Pointed blades, 5 pcs.

**Single Nozzle**

5 mm, used to hold welding nozzles

**PUR Welding Nozzle**

Special nozzle for thermal welding and jointing of floor coverings which have a factory-applied polyurethane coating.

See PUR Welding Nozzle in action

ACCESSORIES
HAND TOOLS

Mozart Push-Off Knife
The universal solution for trimming welding rod in a clean and fast manner. Integrated weld seam slide for pre-cutting, replaceable blades, replaceable spacer forks for adjusting cutting heights to eliminate scratched or damaged surfaces, internal cutting edge reduces injuries, ergonomic handle.
Includes:
Push-off knife with blade and 0.50 mm spacer fork
Accessories:
Replacement blades, 5 pcs.
Spacer fork, 0.50 mm
Spacer fork, 0.70 mm
Replacement screw set

Welding Rod Roller
To press the weld rod into the joint.
Welding rod roller, 1" (25 mm)
Ding rod roller, 9/16" (15 mm)

Diamond Grindstone
To sharpen all knives and blades. Collapsible, grinding surface 1" x 4". Double sided, one side medium grit and the other fine grit.

ACCESSORIES
HAND TOOLS

Groover for Rubber Floors
Groover Complete 3.3 mm
Accessories:
Replacement blades, 10 pcs., 3.3 mm

Groover
Adjustable guide, 4-sided blade.
Accessories:
Replacement blade

Weld Seam Slide
Fits flat and angled Quarter moon knives. See Item #13451 and #13452

Quarter Moon Knife / Flat
For trimming welding rod.

Quarter Moon Knife / Angled
For trimming welding rod.

Quarter Moon Knife / Bent
For trimming welding rod.

Blade Cover
Protection for your knife.
**ACCESSORIES**

**HAND TOOLS**

**Cork Rubbing Board**
For rubbing down and installing floor coverings into adhesives. Heavy duty construction.  
#60505

**Seam Scriber**
For scribing vinyl, PVC or other hard flooring. Adjustable scriber needle.  
#13355

**Magic Wand Wall Scriber**
For scribing & transferring the wall line onto the flooring. Distance from wall can be set from 3/4” to 3/4”.  
#16145

**Stair Bevel**
To easily determine lengths and angles of stairs.  
#15663

**Rubbing Hammer**
For rubbing down floorcovering seams into adhesives. Forged with wooden handle.  
#13619

**Carpet Clamp**
Perfect for removing glue-down carpeting and other bonded flooring materials. Made of durable high quality aluminium in an ergonomic design to protect hands and fingers. Tested to a pulling force of 440 pound force.  
#16867

**Hammer Bar**
Zinc plated, with felt backing. 
Hammer bar, 17”  
#15432

Hammer bar, 22”  
#13840

**Wall Base Board Scissors**
With guide.  
#10657

**Wall Base Scrber**
For wallboards, pencil included.  
#15555

**Stair Scrber**
For scribing stair flooring.  
#10620

**Stair Bevel**
To easily determine lengths and angles of stairs.  
#15663

**Design Collection Tools**
Complete tool set for creating & installing design floors. Includes: Linocut seam cutter, FasTrimmer for chamfering the floor backing, pressure roller box, mitre-box scissors, carrying case.  
#50305

**Mitre-Box Scissors**
Double action, with guide. For creating & laying design floors.  
#10648

**Wall Base Board Scissors**
With guide.  
#10657

**Wall Base Scrber**
For wallboards, pencil included.  
#15555

**Stair Scrber**
For scribing stair flooring.  
#10620

**Stair Bevel**
To easily determine lengths and angles of stairs.  
#15663

**Design Collection Tools**
Complete tool set for creating & installing design floors. Includes: Linocut seam cutter, FasTrimmer for chamfering the floor backing, pressure roller box, mitre-box scissors, carrying case.

HAND TOOLS

Head Seam Straight Edge
31" x 3" (800 x 75 mm) #15561

Door Straight Edge, Bowed
Hardened & polished. Adjustable from 24" to 51". Steel sheet 0.7 mm thick. #16643

Flexible Steel Straight Edge
Premium quality stainless steel. Bowed, with retaining clip. Maximum deviation from straightness: 5/64" (2 mm) in 10'.
Size: 6.8' (82") x 3" #48421
Size: 13.4' (161") x 3" #48422
Size: 16.6' (200") x 3" #48423

Flexible Steel Straight Edge with T stop
Premium quality stainless steel. Bowed, with T stop and retaining clip. Maximum deviation from straightness: 5/64" (2 mm) in 10'.
Size: 6.8' (82") x 3" #48425
Size: 13.4' (161") x 3" #48426
Size: 16.6' (200") x 3" #48428

Flexible Steel Straight Edge, Anti-Slip
Premium quality stainless steel. Rubberized, anti-slip backing. Will not scratch floor. Maximum deviation from straightness: 5/64" (2 mm) in 10'.
Size: 6.75' (81") x 3" #13872
Size: 13.25' (159") x 3" #13873

ACCESSORIES

HAND TOOLS

FasTrimmer - Top Bevel Cutter
Creates a top beveled edge of 25˚ on vinyl, PVC and design floor coverings after they have been cut. Comes with a guide for cutting the material off of the floor or directly in the adhesive bed.
Includes:
- FasTrimmer TBC, quick guide, carrying bag, 6 spare blades
Accessories:
- Guide for beveling floor backing and repairing factory edges
- Replacement blades, 10 pcs.
#15624

FasTrimmer - Back Bevel Cutter
Creates a back beveled edge of 25˚ on vinyl, PVC and design floor coverings after they have been cut and also repairs damage to the factory edge.
Includes:
- FasTrimmer BBC, quick guide, carrying bag, 6 spare blades
Accessories:
- Replacement blades, 10 pcs.
#15625

Circle Cutter
For patch repairing carpet. Adjustable from 1-1/2" to 8" diameter.
Includes:
- Circle cutter, 3 blades
Accessories:
- Replacement blades, 6 pcs.
#15627
**Material Moisture Meter V1-D4 Basic**

The V1-D4 Basic is a hand-held meter used to measure the exact moisture content of concrete and other materials.

- Measures moisture in concrete and other materials
- Autocalibrating
- Easy one-hand operation
- Numerous validated material curves with material numbers
- Function for real-time temperature compensation of measured material
- Measured value can be saved via hold function

Includes:
- Batteries, case, operating instructions

---

**Thermohygrometer LVT-15 IR**

The LVT-15 IR combines thermohygrometer, laser pyrometer, and dew point alarm in a single instrument. Three operational modes and various measuring functions, all of them selectable via a thumbwheel in a one-hand operation make the LVT-15 IR a pocket-sized measuring station.

- Measurement of air temperature and relative humidity
- Measure surface temperature in IR mode
- Calculate dew point
- Visual and acoustic alert when temperature deviations occur
- Quick determination of weak spots
- Equipped with a metal grid filter to alleviate issues caused by dirt and debris

Includes:
- Batteries, case, operating instructions

---

**Moisture Meter GM-200**

The GM-200 is a hand-held instrument providing a quick and non-destructive determination of moisture content in near-surface areas up to 1-1/2".

- For measuring moisture in concrete, gypsum & cement
- For measuring moisture in wood
- Non-destructive moisture measurement
- Compact & ergonomic design with non-slip rubber grip
- Quick & convenient measurements due to adjustable display orientation
- Custom alarm limit, with acoustic signal

Includes:
- Batteries, case, operating instructions
SELF LEVELING INSTALLATION TOOLS

Measuring Wedge
For measuring the deepest point between 2 support points of a straight edge. Measuring wedge can be read from the top.

Substrate Hardness Tester
Used to assess the strength of the substrate. Parallel lines are scratched into the floor at an angle of 40°-60°. The scratched grid and removed debris determine the results.

Spike Rollers
For aerating leveling compounds. Splash guard included.

Nail Shoes
For walking in wet leveling compound or other filled substrates or surfaces.

Smoothing Trowel
11" x 5-1/4" (280 mm x 135 mm)

WOLFF Mixing Drum with Cart
Complete mixing station for up to 20 gal (75 liters) of powder products
- High impact HDPE plastic drum
- 2-stop pour system cart for perfect balance
- Universal mixing bracket, suitable for most mixers

Includes:
- Mixer bracket, mixing paddle, drill adapter, & DCS hose holder

Accessories:
- 20 gal mixing station cart
- Mixing bracket
- 20 gal HDPE mixing drum
- DCS hose holder

Mixing Paddle for 20gal. Mixing Drum
Large double-wing mixing paddle

Flat Cage Mixing Paddle - KR type
Ideal mixing paddle for leveling compounds. Prevents formation of lumps. Also suitable for mixing very viscous sealers or adhesives where high shear forces are needed. Mixing action: parallel, cage diameters: 3-1/2" (90 mm), 4-3/4" (120 mm), shaft length: 23", shaft style: hex.

DCS hose holder

**SERVICE**

Uzin Utz AG, a publicly traded family owned company, developed from a small, regional adhesive manufacturer into one of the world’s leading manufacturers of installation products. The core focus of Uzin Utz AG is producing cutting edge technology system based installation systems for the flooring installer.

Uzin Utz AG has expanded and acquired new brands and products to position the company as a full-range supplier and system partner in the flooring industry. Under the Uzin, Wolff, Pallmann, Arturo, Codex, RZ, and Pajariito brands, we supply a comprehensive range of products, systems and services for the, renovation and preservation of floor coverings of all types including wood flooring, tile and stone.

As a system partner for the trade, planners, architects and builders, Uzin Utz AG has dedicated itself to providing professional support for technicians and contractors in all areas of flooring installation for over 100 years.
